Office of Chief Proctor
Motilal Nehru National Institute of Technology Allahabad
Prayagraj – 211004 [India]

No. 493/CP/2021 (493)

Dated: 02/12/2021

Notice

It has been observed that the students are not using the pedestrian pathways constructed on the side of roads in Underpass, Academic Campus and Residential Campus. And when walking in groups, they are occupying whole width of the road without even leaving sufficient safe space for the movement of vehicles. This behavior of students is causing a lot of difficulty to faculty, staff and others. Also, this walking pattern of students may cause accidents in future.

Students should walk on pedestrian pathways, so the movement of vehicles on roads can be hassle free and also it will reduce chances of any pedestrian-vehicle collision/accident.

Therefore, the students are hereby advised to use the pedestrian pathways on roadside when moving through Underpass and in Academic Campus/Residential Campus.
