Motilal Nehru National Institute of Technology Allahabad
Allahabad-211004, Uttar Pradesh, India

# THE INSTITUTE

Motilal Nehru National Institute of Technology (MNNIT) Allahabad is one of the premier National Institute of Technology (NIT) in India. It is committed to achieve quality and excellence in academic pursuits. Established in 1961, as a Regional Engineering College, a joint enterprise of Government of India (GOI) and Government of Uttar Pradesh, the institute was transformed into NIT on June 26, 2002. With the enactment of NIT Act-2007 (29 to 2007), the Institute has been granted the status of institution of national importance w.e.f. August 15, 2007.

The Institute offers various undergraduate and postgraduate degree courses such as B.Tech., M.Tech., MCA, MBA, M.Sc., M.S.W and Ph.D. It has been recognized by GOI as one of the Quality Improvement Programme (QIP) centres for the M.Tech. and Ph.D

# DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

For the first time in India under graduate program in Computer Science and Engineering was offered in 1977 under Electrical Engineering Department with a modest strength of 10 students. The department of Computer Science & Engineering carved out from Electrical Engineering Department on February 1996.

The Department of Computer Science & Engineering offers program leading to a Bachelor of Technology in Computer Science & Engineering, and Bachelor of Information Technology. It also offers Master of Technology in Computer Science & Engineering, Master of Technology in Software Engineering, Master of Technology in Information Security, and Master of Computer Application (M.C.A.). Further, the department also enrolls candidates for Ph.D. program.

#### **ALLAHABAD**

The city of Allahabad is among the largest cities of Uttar Pradesh. It is situated at the confluence of three rivers- Ganga, Yamuna and the mythological Saraswati. #### INTRODUCTION

The objective of the program is to expose undergraduate students to the available facilities at Computer Science Engineering Department, and to familiarize them with the learning resources that exist at MNNIT Allahabad. The participants would be provided hands on tips on report writing and career management.

#### **Course Contents:**

Fundamental concepts of various components in the area of Computer Science and their practical exposure will be covered in depth. The course will comprise of review of theoretical concepts followed by exposure to simulation tools.

#### (A) Review of Theoretical Concepts:

- 1. Fundamentals of C programming.
- 2. Discrete mathematics
- 3. Automata Theory
- 4. Data Structure.
- 5. Operating System.
- 6. Computer Organization.
- 7. Design and Analysis of Algorithm.

- 8. Microprocessor.
- 9. Data Base Management System
- 10. Computer Network

#### (B) Exposure to Simulation Tools:

To built proficiency, the participants will be given exclusive knowledge and unique insight on the capabilities Matlab/Simulink, microcontroller with hardware interfacing, , Network simulator etc.

# WORKSHOP IMPACT - EXPECTED OUTCOME

Enhancing the fundamental concept of computer science & Engineering students by introducing innovative lecture and experiments and exposing them to the solving tricky questions and research challenges for their possible career pursuit.

Course Duration: 5 Week (8<sup>nd</sup> June- 11<sup>th</sup> July, 2015)

Extended Last Date for Receipt of Application Form: 31<sup>st</sup> May 2015 Resource Person

The resource persons for the program shall include experts from academic/research organizations and industry.

# **APPLICANT QULIFICATION**

The program targets the student having sufficient background of Computer Science & Engineering/Information Technology. All the students are appearing in the IV semester examination or beyond in UG. Second semester MCA students or beyond are also eligible to apply.
