THE INSTITUTE

Motilal Nehru National Institute of Technology (MNNIT) Allahabad is one of the premier National Institute of Technology (NIT) in India. It is committed to achieve quality and excellence in academic pursuits. Established in 1961, as a Regional Engineering College, a joint enterprise of Government of India (GOI) and Government of Uttar Pradesh, the institute was transformed into NIT on June 26, 2002. With the enactment of NIT Act-2007 (29 to 2007), the Institute has been granted the status of institution of national importance w.e.f. August 15, 2007.

The Institute now offers various undergraduate and postgraduate courses such as B.Tech., M.Tech., MCA, MBA, M.Sc., M.S.W and Ph.D. degree. It has been recognized by GOI as one of the Quality Improvement Programme (QIP) centres for the M.Tech. and Ph.D. Degrees. Also, it is a lead Institution under World Bank funded GOI Project on Technical Education Quality Improvement Programme (TEQIP-I) (2002-2007) and again for (TEQIP-II) (2008-2013).

ABOUT THE CITY ALLAHABAD

The city of Allahabad is among the largest cities of Uttar Pradesh. It is situated at the confluence of three rivers- Ganga, Yamuna and the mythological Saraswati. The sacred meeting point is known as Sangam.

The city better known as PRAYAG has many governmental institutions which include MNNIT Allahabad, High Court of UP, Allahabad University & tourist places like Sangam, Anand Bhawan, Narayan Ashram etc. MNNIT Allahabad is one of the premier institutes of the city offering Quality Technical Education.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

For the first time in India under graduate course in Computer Science and Engineering was offered in 1977 under Electrical Engineering Department with a modest strength of 10 students.

The Department of Computer Science & Engineering offers courses leading to a Bachelor of Technology in Computer Science & Engineering, and Information Technology. It also offers a Master of Technology in Computer Science & Engineering, Master of Technology in Software Engineering, Master of Technology in Information Security, and Master of Computer Application (M.C.A.). Further, the department also enrolls candidates for Ph.D.

ABOUT NMEICT

The Government of India has initiated a project on National Mission on Education through Information and Communication Technology (NMEICT). The objective of this project is to provide NMEICT network connection to universities, colleges and institutes all over India. The NMEICT connection brings all education institutions in a single network. The NMEICT has already started guest lectures, faculty development programs, workshops online delivered from various IITs, NITs, Universities, and Colleges by eminent Teachers, Researchers and Industrial Experts. NMEICT supports self learning through virtual classes. It provides provision of e-books and e-journals free to learners. NMEICT supports following activities:

- It supports generation of e-contents and digitization of existing e-contents.
- It supports live webcasting of lectures to be done with the help of A-View software.
- In order to make e-contents available to every learner, MHRD is setting up large number of Direct to Home (DTH) channels.

It also supports teachers attending live lectures given by IIT faculty at a remote centre close to their own college, and can also attend tutorial and lab sessions conducted in the same centres. The lecture transmission and live interaction takes place in distance mode using the A-VIEW technology through internet, at the selected remote centres across the country.
